twitter: @EaldenRing Hello everyone, I've created a new youtube channel - I'd like to let you know that my new channel has some videos about pepe the frog plushies and some of the pepe the frog plushies i have over at my shop at [www.etsy.com/shop/Ghouledtoys](http://www.etsy.com/shop/Ghouledtoys) In order to make my videos more interesting, I've decided to combine a couple of my shop items - a Minion (Dethklok) and a robot (which i made) and created a new robot called Minifreak. As seen in the video, i've also made a custom version of pepe for Minifreak. Hope you like it! Thanks for watching! Pepe is a fictional character who appeared in the first season of The Simpsons. He was the principal antagonist of the show's first three seasons. In those early seasons, the character of Pepe was light-hearted and goofy; on other occasions, however, he was portrayed as menacing, especially towards children.
